Name: MB2019 Red Armour Ankle High Shoe

Code: 25033

MB20 FOOTWEAR NEW ULTRA LIGHT SERIES

Description

Fast Lacing System ankle high shoe with a brand new, seamless, Nylon fibre upper. Equipped with fiberglass toecap and composite midsole with a constant thickness of 4 mm. The EVA/RUBBER outsole has a highly expanded EVA midsole, anti-shock power, which makes the shoe more flexible and lightweight. The nitrile rubber outsole guarantees perfect grip on both dry and wet surfaces. The footbed is made of bi-component material with polyurethane foam structure and memory PU with variable thickness: 4 mm in the front part and 9 mm in the heel area. Remarkable anti-shock properties. Antistatic. The DRY PLUS lining in polyester has a high draining power thanks to the high absorbing capacity of the fabric and its structure.

Main features:

- Extremely lightweight, breathable and comfortable
- Seamless upper for a better fit, tear and abrasion resistance
- Fast Lacing System
- High Durability Cap System: high durability TPU toecap
- T-FLEX" composite midsole with constant thickness of 4 mm
- TPU rear support to optimize stability in the heel area
- Ergonomic and ultra-flexible eva/rubber outsole that guarantees a high level of comfort
- Suitable for clean environments, characterized by terrains with a low degree of roughness

The product has been designed and manufactured to comply with Regulation (EU) 2016/425 and subsequent amendments and to meet the requirements of EN 20345 EC and is classified as Category II PPE.

Category II	Colours Grey/Red	Available Sizes 36-47
